The evening meal is served at the hotel, but on the night of arrival (28/5) we do not offer a common meal, considering different times of arrival. There are a few other places where food is served, except for the hotel.

On Thursday 31/5 we will split up in two groups, one visiting Loka and one going to the school in Älvdalen to speak with youngsters (age 13-15).

During our stay, we will have access to a group room at the hotel, where we can compare data etc in the evenings.

Wireless internet is available at the hotel.
